EXPERIENCE

JavaScript Developer

Arte Soft Ltd

📅 11/2022 - Present   📍 Sofia City, Bulgaria/Remote/

Key Responsibilities

- Focused on front-end development, using Angular with Angular Material and React with Next.js to build dynamic, user-friendly interfaces.
- Developed and maintained back-end services using Node.js and Express, ensuring robust and scalable server-side applications.
- Managed databases with MongoDB and Mongoose, optimizing data models for performance and scalability.
- Created custom designs and tailored software solutions to meet specific client requirements.
- Involved in the debugging and refactoring of large, legacy codebases to improve performance and maintainability.
- Collaborated with cross-functional teams in an Agile environment, contributing to the successful delivery of multiple projects.
- Utilized SCSS and CSS for styling and layout, ensuring visually appealing and responsive web applications.
- Continuously learning and applying best practices in software development, staying up-to-date with the latest technologies and industry trends.

Junior Software Developer

DSD Code

📅 06/2021 - 10/2022   📍 Burgas/Remote/

Key Responsibilities

- Developed full-stack applications using React and Angular for front-end development and Express/Node.js for back-end development.
- Created static web pages using HTML and CSS, ensuring responsiveness and cross-browser compatibility.
- Gained hands-on experience with Git, improving my workflow and collaboration skills within version control systems.
- Applied TypeScript to enhance code quality and maintainability in various projects.
- Learned and practiced the basics of project management, contributing to better planning, execution, and delivery of software projects.
- Engaged in debugging and troubleshooting tasks to resolve issues in complex applications.
- Continuously improved coding practices by learning and applying modern development methodologies.

EDUCATION

Programming courses

CS50, several IBM courses, SoftUni JavaScript Path, and others.

📅 2019 - 2021

Master's degree

Sofia University St. Kliment Ohridski

📅 01/2010 - 12/2015

SUMMARY

As a passionate and dedicated JavaScript Developer, I have a strong front-end and back-end development foundation. My journey in the tech world is marked by a commitment to continuous learning and applying best practices in software development. I strive to deliver high-quality, scalable, and user-friendly web applications that meet client needs and exceed expectations.
